Directors and Key Managerial Personnel

Dr. Matthias Wolfgruber, Chairman retired at the end of the year 2015 as CEO of ALTANA AG, Company's ultimate holding Company. Consequently, he resigned as Chairman of the Company with effect from 31 December, 2015. The Directors place on record their deep appreciation towards the visionary contribution of Dr. Matthias Wolfgruber, during his tenure as the Chairman of the Company, which immensely helped the Company in delivering profitable performance all these years.

ALTANA AG management decided to appoint Mr. Martin Babilas as the new CEO of the group with effect from 1 January, 2016 in place of Dr. Wolfgruber. The Board of Directors of the Company in its meeting held on 28 October, 2015 noted these developments. Accordingly, it was proposed to appoint Mr. Babilas as Chairman of the Company effective 1 January 2016 by the Board.

As a part of this transition, Mr. Stefan Genten was appointed as Chief Financial Officer of ALTANA AG and accordingly, Mr. Genten was also appointed as Additional Director on the Board of the Company effective 1 January 2016. Mr. Genten will hold the office upto the date of the ensuing Annual General Meeting and thereafter his appointment will be subject to retirement by rotation.

Dr. Guido Forstbach, Director, being tied up with his other assignments pertaining to ALTANA AG, the Board in its meeting held on 28 October, 2015, with the consent of Dr. Forstbach appointed Mr. Milind Talathi, Director-Manufacturing, as his alternate Director for attending the meetings of the Board during his absence.

Further to said appointment, Mr. Milind Talathi was appointed as Occupier for the plants of the Company located at Pimpri and Ankaleshwar.

The Board of Directors in its meeting held on 23 February, 2016, has resolved to renew the contract of appointment of Mr. Ravindra Kumar as Managing Director of the Company for a further period of five years from 1 January 2017 which will be subject to approval of the Members at the ensuing Annual General Meeting. In the said Board meeting, the Board also resolved to appoint Mr. Milind Talathi as Whole Time Director subject to the approval of the Members in the ensuing Annual General Meeting of the Company.

Mr. Martin Babilas, Chairman and Non-Executive Director, retires by rotation at the ensuing Annual General Meeting pursuant to the provisions of Section 152 of the Companies Act, 2013 read with Companies (Appointment and Qualifications of Directors) Rules, 2014 and the Articles of Association of the Company and being eligible has offered himself for reappointment.

At the last Annual General Meeting held on 6 May 2015, the members had appointed Mr. Suresh Talwar and Mrs. Kishori Udeshi as Independent Directors under the Companies Act, 2013 each for a term of 5 years with effect from 6 May 2015. All Independent Directors have given Declaration that they meet criteria for independence as laid down under Section 149 (6) of the Companies Act, 2013.

No Key Managerial Personnel resigned during the year under review.

Separate meeting of Independent Directors

The Independent Directors were fully kept informed of the Company's activities in all its spheres. During the year under review, a separate meeting of Independent Directors was held on 24 February 2015 and the Independent Directors reviewed the performance of (i) non-Independent Directors and (ii) the board as a whole.

They also assessed the quality, quantity and timeliness of flow of information between the Company's Management and the Board that are necessary for the Board to effectively and reasonably perform their duties. All the Independent Directors were present at the meeting.

Nomination and Remuneration Policy

The Nomination and Remuneration Committee of Directors reviews the composition of the board, to ensure that there is an appropriate mix of abilities, experience and diversity to serve the interests of all shareholders and the Company.

In accordance with the requirements under Section 178 of the Act 2013, the Committee formulated a Nomination and Remuneration Policy to govern the terms of nomination /appointment and remuneration of (i) Directors, (ii) Key Managerial Personnel (KMPs) and (iii) Senior Management Personnel of the Company. The same was approved by the Board at its meeting held on 29 July 2014.

The process of appointing a director / KMPs/ Senior Management Personnel is, that when a vacancy arises, or is expected, the Committee will identify, ascertain the integrity, qualification, appropriate expertise and experience, having regard to the skills that the candidate will bring to the board / company, and the balance of skills added to that of which the existing members hold. The Committee will review the profile of persons and the most suitable person is recommended for appointment by the board. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person are sufficient / satisfactory for the concerned position. The Committee will ensure that any person(s) who is / are appointed or continues in the employment of the Company as its Director or Key Managerial Person shall comply with the conditions as laid out under the Companies Act 2013 and Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations, 2015).

The Remuneration Policy is stated in the Corporate Governance Report. The Policy is also available on the website of Company i.e. <http://www.elantas.com/beck-india>.

Board Evaluation

Pursuant to the provisions of the Companies Act, 2013 and Clause 49 of the then Listing Agreement, the Board during the Year 2015 has carried out an annual performance evaluation of its own performance, the Directors individually, as well as the evaluation of the working of its Audit, Nomination & Remuneration Committee for the Year 2014. The evaluation has been

carried out on the basis of criteria defined by the Nomination and Remuneration Committee in its meeting held on 29 July 2014. Independent Directors in their separate meeting held on 24 February 2015 reviewed and evaluated performance of the Board for the Year 2014.

Number of Meetings held

During the year 2015, four Board Meetings and four Audit Committee Meetings were convened and held. Details of the same are given in the Corporate Governance Report.

Secretarial Audit Report

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company has appointed Prajot Tungare & Associates, Practicing Company Secretaries, to undertake Secretarial Audit of the Company. The Secretarial Audit Report issued by them is annexed to this Report as 'Annexure A'.

The Secretarial Audit Report carries the following 2 observations :

1. There were few instances of delay in issuing duplicate share certificates beyond the prescribed period;
2. Compliance Report on Corporate Governance for the quarter ending on 30 June 2015 was filed after the due date;

Justification for first observation - The delay in issue of duplicate Share Certificate has occurred due to administrative delay at R&T Agent's end. The Company has taken note of the same & will ensure due compliance of this requirement in future.

Justification for second observation - There has been a delay of only one day due to the technical issue in the system.

Related Party Transactions

All Related Party Transactions (RPT) entered into by the Company during the year under review were at arms' length basis and in the ordinary course of business. There were no materially significant RPT with Parent Company and its subsidiaries, Promoters, Directors, Key Managerial Personnel or other designated persons which may have a potential conflict of interest of the Company at large.

All RPT are placed before the Audit Committee for its approval. Prior omnibus approval of the Audit Committee is obtained for transactions which are of a foreseen and repetitive nature. Pursuant to the provisions of Clause 49 of then Listing Agreement, Audit Committee in its meeting held on 24 February 2015 had granted omnibus approval for the proposed Related Party Transactions to be entered into during the year 2015. Since there are no material Related Party Transactions and also all the transactions with related parties are at arm's length and are in the ordinary course of business, no transactions need to be reported in AOC - 2.

The Board of Directors of the Company, on the recommendation of the Audit Committee, adopted a policy to regulate transactions between the Company and its related parties, in compliance with the applicable provisions of the Companies Act, 2013 and the Listing Regulations 2015. The Policy as approved by the Board is uploaded and can be viewed on the Company's website <http://www.elantas.com/beck-india>.

None of the Directors has any pecuniary relationships or transactions via-a-vis the Company.

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31 DECEMBER, 2015

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
ELANTAS Beck India Limited,
CIN: L24222PN1956PLC134746
147, Mumbai-Pune Road, Pimpri,
Pune – 411018

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by ELANTAS Beck India Limited ("the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Management is responsible for the preparation and filling of all the forms, returns and documents for the compliances under the Companies Act, 2013, rules there under and all the laws and regulations listed hereinafter and to ensure that they are free from material non-compliance, whether due to fraud or error.

Secretarial Audit for the Company is conducted as a process of verification of records and documents on sample basis to check secretarial compliances with the provisions of laws, rules and procedures. The procedure for Secretarial Audit is selected on the Secretarial Auditor's judgment of material facts of the documents submitted. Our responsibility is to express an opinion on the secretarial compliances of the aforesaid laws done by the Company on the basis of our audit. We have conducted the audit solely on the basis of secretarial compliances and filling done by the Company, under the below mentioned laws.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby make our report on the basis of our opinion during the audit conducted covering the financial year ended on 31 December, 2015, on various secretarial compliances with statutory provisions listed hereunder and on Board processes and compliance mechanism to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 December, 2015, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings *[Not applicable to the Company during the Audit Period]*;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):

3. Average net profit of the Company for last three financial years : ₹ 3696.44 Lacs

4. Prescribed CSR Expenditure (2% of the amount as in item no. 3 above): ₹ 73.93 Lacs

5. Details of CSR spent for the financial year : ₹ 37.27 lacs

a. Total amount to be spent during the financial year: ₹ 73.93 Lacs

b. Amount unspent, if any: ₹36.66 Lacs

During the year 2015, the Company has spent an amount of ₹ 37.27 lacs on CSR projects however it has ongoing projects in hand in excess of ₹ 17.00 Lacs. Thus, the total identified project spending is ₹ 54.27 Lacs as against the required spending of ₹ 73.93 lacs.

The Company could not spent the total amount of ₹ 73.93 lacs for the following reasons:

The regulatory requirements under the Foreign Contribution Regulation Act, 2010 are applicable to the Company requiring the project/programme implementing agency to have a registration under this enactment. This proved to be a major obstacle at the identification stage of the project. Secondly, it needed deployment of a dedicated resource within the Company for identification, co-ordination and monitoring of the undertaken projects, looking at the total spending requirements. The Company could deploy such dedicated resource only from May 2015. Further, for sustainable efforts, current focus of the company is only on education and health and hygiene related activities. Accordingly it took time for identification and evaluation of first few projects in the Year 2015.

The Board has however been updated with the entire activities and is convinced about the reasons for non spending and is satisfied about the overall progress.

The board is confident that looking at the progress and the projects on hand and in pipeline, the CSR activities will continue with the same intensity for the years to come and the Company will be able to make significant contribution to the society and be compliant.

A. CONSERVATION OF ENERGY:

(a) Following measures were taken to conserve energy:

- Installation of cresol tanks to reduce process power consumption during cresol charging operations, at Ankleshwar
- Installation of oil Vacuum pump to replace water-jet ejector vacuum pump to save power and water, at Pimpri
- Installation of Energy efficient pump & blower for ETP operations, at Pimpri
- Automation of mixers with PLC & individual HMI stations for E & EM products for more energy efficient operations, at Pimpri
- Installation of Bulk Storage Tank for Epoxy to reduce drumming activities, reduce re-melting activities, enabling faster charging to the reactors thereby reducing overall energy requirements, at Pimpri
- Installation of transparent roofing sheets for higher illumination & to reduce lighting costs at Stores and Production, at both sites
- Replacement of CFL bulbs with LED lamps, at both sites
- Reduction in cycle times for several products through a comprehensive lean six sigma project, thereby leading to lower energy consumption, at both sites
- Re-aligning production activities including debottlenecking to save on utilities & power consumption and increase in productivity, at both sites

(b) Additional investments and proposals being implemented for reduction of consumption of energy:

- Reduction in water & effluent generation thereby reducing power consumption at ETP, at Ankleshwar
- Reorganisation of shift working timings leading to reduced power consumption, at Pimpri
- Inter-site Product transfers for more efficient operations & lower power consumption
- Further programs using lean six sigma techniques for reducing product manufacturing cycle times leading to higher efficiencies, at both sites
- Replacement of additional CFL bulbs with LED lamps at both sites.

Total amount spent on energy conservation equipments – ₹ 18.95 Lacs

(c) Impact of (a), (b) above for reduction of energy consumption and consequent impact on the cost of production of goods

- Overall savings in energy consumption have resulted in reduction of electricity and fuel per metric Ton of production.

B TECHNOLOGY ABSORPTION

1. Specific areas in which R & D was carried out by the Company.

The R&D team is actively engaged in supporting the Company's technologies through manifold activities to maintain a technological edge, provide effective solutions to customers and improve internal productivity through process improvements and introduction of new cost effective raw materials.

The Company's R&D center was engaged in the development of new insulation materials and in the absorption of technology acquired from overseas affiliates of ELANTAS group for the manufacture of certain varnishes and epoxy compounds.

2. Benefits derived as a result of the above R & D.

Some of the new products introduced and process improvements conducted were:

- Development of a new polyesterimide enamel and polyester wire enamels with specific colors for cured wires like golden, purple etc.
- Introduction of a faster curing (energy saving) solvent based insulating varnish
- Stand-alone Polyamide hardeners as a new type of products for epoxy based systems
- Cost reduction and process improvement in manufacturing using low cost raw materials including solvents

3. Future plan of action.

- Continue efforts on efficient customer service and improved speed of product development with the newly formed team
- Continue adaptation of new products from group companies under 'Technology Transfer' in the Company's business segments to cater to the local market
- Initiate and continue participation in new global R&D projects for the benefit of local and global customers
- Improvisation of existing products for cost reduction based on substitution of raw materials and improvement in process efficiency
- Undertake new projects under the 'Responsible Care' Initiative to avoid RoHS/REACH restricted raw materials
- To continue participation in the M.Tech training programme for students from local Institute on subjects complementary to the Company's business

Management Discussion & Analysis Report

In the year 2015, India established itself as world's fastest growing, major economy in the world outpacing China. Most of the macro-economic indicators showed an improvement in the year 2015 with GDP growth sustaining above 7%. India has been significantly benefited due to sharp drop in global crude oil prices leading to improved fiscal deficit situation. Inflation has largely been under control and interest rates have started to show downward trend after many years.

While macro-economic situation is showing sign of improvement, year 2015 proved to be another difficult year for the business, particularly against the back drop of:

- Delays in much needed reforms in the area of tax, labour and land in order to advance the economy further
- Manufacturing growth is still tottering at lower than expected levels
- Sharp drop in oil prices led to lower input costs which impacted the product selling prices
- Continued suboptimal capacity utilization of the end user industry
- Increasing share of electrical equipment imports particularly from China
- Depreciation of Indian rupee especially against the US dollar
- Uncertainty in global economic situation

Despite the fact that market situation has not shown any major sign of improvements, your company has delivered record profits in 2015. This was largely driven by reduction in input costs and successful implementation of several cost reduction projects especially in manufacturing, technology and procurement areas. In 2015, your company took several measures to create sustainable and profitable growth such as:

1. Initiated implementation of growth strategy as planned
2. Teams across the company were re-organized with clear focus on delivering value to customers and developing new business.
3. Establishing new "Market and Technology Development" function which is expected to develop new products in close coordination with market and customers
4. Leveraging ELANTAS global capabilities
5. Agility and flexibility in responding to volatility in raw material prices, currency and competitive situation.

Above measures ensured that your company stays ahead and maintains its dominant market position in electrical insulation market in India and significantly improves its market position in Electronic and Engineering materials.

Segment wise Performance

Electrical Insulation Systems

- The Electrical Insulation business continues to contribute to over 80% to the Company's total sales revenue and constitutes the core business of your Company.
- The major segments addressed by the Electrical Insulation business include the Magnet Wire manufacturers, OEMs of Electrical equipment including motors, alternators, fans, transformers apart from the Repair and refurbishment industry. In the year under review, your Company made a successful entry into the motor repair market, which we were unable to penetrate in the past due to the availability of a suitable product. This was made possible through the focused efforts of a Techno commercial project team.
- In the year under review the Electrical Machinery segment faced issues of limited capacity utilizations due subdued demand and big ticket investments largely remaining on the drawing board.
- Coupled to this, continuing imports of Electrical Equipment especially from China, had an adverse impact on Indigenous OEMs.
- The year under review also saw a significant softening of Raw Materials and commodities which lead to clamour for price reduction from the winding wire industry. Your company went in for a selective price correction while maintaining its overall value and margins.
- In spite of the challenging circumstances, your company has managed a growth of 4.3% in volumes and 1% increase in Revenues in the Electrical Insulation segment in 2015 over 2014.
- This growth was possible through timely introduction of new products, better value propositions and judicious trade off between volumes and prices.

Company is confident of a buoyancy in its future market due to

- The Governments initiatives to spur investment in the Power & Infrastructure segments.
- Anticipated increase in installed Power generation capacity to 400 GW by 2022.

- Initiatives taken by the Government to make the Smart City concept a reality.
- New economic opportunities of Renewable and Sustainable energy solutions.

Your Company is well equipped to address the upsides of the Markets through sustained market leadership in the Electrical Insulation Business.

Electronic & Engineering Materials

E&EM business comprises of business lines:

- Electronic & Electrical (EL) Compounds
- Construction chemicals

The E&EM business contributed about 14.7% of the total volumes and has registered a growth of 6.3% in Volume in the year under review.

The EL business closely relates to the new Indian Economy and has a high growth potential through specialty product offerings for Electronics, Auto Electricals, Capacitors, Filters & High Voltage applications by virtue of which, is identified as a thrust area for the Company. This includes opportunities in Renewable & Sustainable energy solutions including Solar and LED Applications.

Your Company's specialty products based on newer chemistries of Epoxy & Polyurethane have been well received by the Auto electric component manufacturers mainly for two & three Wheeler segments. Original Equipment Manufacturers are replacing the imported Epoxy & Polyurethane compounds by our in-house developed systems based on indigenous raw materials. Active collaboration with our European & US affiliates has aided in speeding the development process and offering better products.

The Company has strengthened its research, development & technical support mechanism to ensure complete customer satisfaction in terms of quality, product solution expertise, innovation and service.

Current Future & Outlook

While your company continues to face challenging external scenario, management is cautiously optimistic about the outlook of the company. This optimism is based on the following:

- Demand continues to be a challenge however company is striving for more growth by developing new business
- Government's commitment to push through the much needed reforms e.g. GST
- Improving fiscal deficit situation will allow government to spend more on infrastructure and boost manufacturing sector
- Enhanced focus to resolve coal block issues and creating coal linkages to support long term fuel availability
- Prime Minister's vision to provide affordable 24x7 power to all and increased focus on 100% village electrification, renewable energy and addressing electricity distribution issues
- Company's customers are optimistic about the future of their business

Your company continues to build on its strengths and sees the challenges as an opportunity. Several changes made in the management team and also across the organisation will continue to help your company to strengthen its position over the next years.

Risks, Opportunities and Threats

Your company is well positioned to leverage existing and new opportunities and at the sametime has the necessary capabilities to deal with the threats posed by external environment. Company has a proven track record and it continues to improve its business model and required processes as needed. Management along with its internal auditors ensures that risks are reviewed on periodic basis and presented to the board with mitigation plans and their status. Company is committed to continue strengthening various controls across its complete operations to avoid exposure to any known potential risk.

Some of the risks, opportunities and threats as seen by the company today are mentioned below:

Risks

- Market volatility and pricing pressures
- Currency exchange fluctuations
- Fluctuation in raw material prices
- Regulatory restrictions

Opportunities

- Improving outlook of the economy
- Enhanced focus of government to provide 24x7 power to all

- Structural economy reforms e.g. GST
- Opportunities in existing and adjacent lines of business

Threats

- Increasing level of competition in the Indian market especially in primary insulation segment
- Imports of electrical equipments mainly from other Asian countries

Company Performance:

During the year under review, your Company's performance improved on YoY basis.

- As explained earlier, the challenging extraneous factors, the company achieved a volume levels of 19915 mt, a 4.5% increase as compared to previous year. This was possible due to focus on new business from new products & new customers. However in terms of value the company was able to show only a growth of 0.86% as compared to previous year mainly due to drop in the realizations per unit, the results of passing on the effects of raw material softening to our customers. The company sales stood at ₹ 34,299.60 Lacs for this year.
- The profit before tax at ₹ 6,173.31 Lacs representing an improvement of 37.3% over Y2014
- Net cash flows from operating activities during the year at ₹ 4,638.33 Lacs were higher as compared to ₹ 3,061.92 Lacs during the previous year.

The Net Working Capital, a key performance indicator, stood at same levels of previous year (74 days)

Internal Control Systems

As per the requirements of the Companies Act, 2013, the Company has designed a comprehensive framework for internal controls covering operational, financial & entity level controls. This framework is being put to test on a periodic basis through internal audit programme & self-reviewing mechanisms within the company.

Technical Management and Infrastructure Development

During the year under review, there was an improvement in the Company's operational performance, registering a 5 % rise in production over 2014. Improvements in the plant are ongoing and continuous importance is given to enhance productivity & quality and at the same time ensure savings in operational costs and most importantly improved EHS standards.

The Company believes that its leadership in the Electrical Insulations industry is an outcome of its long standing reputation in India and overseas due to its excellence in product quality and high standards of technical services. Such a reputation has been built over many decades of satisfied customers and the Company works hard to maintain it even today through technological superiority, operational excellence and cost effectiveness, a fact which is underlined by the following examples from the previous year:

- Creation of a Quality Laboratory which has ensured faster results, multiskilling of employees and productivity improvements
- Automation of Mixers in the E & EM section for productivity, quality & energy improvements
- Capacity expansion with latest technology equipment's
- Reduction in customer complaints
- Improvements in the process of filtration
- Inter-site shifting of production lines for higher efficiencies
- Installation of a pilot mixer for developing new E & EM products for making a wide range of products.
- Installation of a plant scheduling software facilitating improved capacity utilization of plants.
- Upgradation of the fire hydrant systems at both sites for increased safety of plants & equipment's.
- Various Process improvements measures & de-bottlenecking measures

In addition there is an operation improvement campaign launched which has ensured greater participation of employees & has instilled generation of ideas along with ownership / implementation of the same.

Besides this, the Company undertook technical improvements in plant engineering and manufacturing processes by benchmarking with its overseas affiliates. Technical and Operations related focused groups established under the stewardship of ALTANA and ELANTAS, Germany, devote their efforts exclusively for ensuring optimization of the production methods & processes towards energy conservation and safety. The Company regularly participates in the deliberations of these focused groups across all sites at a global level.

All above measures taken has facilitated the way for more efficient production and to meet market demands for new and existing products.

Quality, Environment Management and Occupational Health & Safety.

The Company is wholly devoted to reinforce the process of Quality, Environment, Occupational Health and Safety Management. These continue to be accorded the highest priority & safety standards are constantly reviewed for sustainable processes and to reduce waste and conserve natural resources. Reviews from our Corporate EHS & by reputed external Auditors have appreciated our efforts towards safety management.

By making continuous efforts to lower effluent loads, reduce consumption of energy and water, lower emissions and greening of its factory sites, the Company continues to re-affirm its commitment to Sustainable Development.

Your Company continues with its zero accident record for several years. The launch of a Safety Awareness Campaign across both sites by ensuring employee participation in safety & secondly launch of a Safety Hunter project has brought about greater awareness amongst all employees & has ensured far lower unsafe incidents.

The Company's works at Pimpri and Ankleshwar and the Corporate Office are certified for compliance with Integrated Management System (IMS) comprising certification to ISO 9000, 14000 and BS OHSAS 18000, which encompass the management of Quality, Environment and Occupational Health & Safety. The works at Pimpri & Ankleshwar and the new Corporate Office at Pimpri were subjected to a surveillance audit by TÜV NORD during the year and the IMS certification was successfully renewed.

Research & Development

The process of innovation is very important to the Company's operations. R&D is an important part of the Company's innovation endeavor and we have strengthened the department by recruiting experts with experience in different areas to create value through continuous product development and process upgradation. We have been also successful to develop two teams namely Research and Market-Technology Development (MTD) out of the R&D department to address relatively long and short term product development respectively.

The Company's active participation in ALTANA's global R&D initiatives also allows it to have ready access to recent technological developments in the processing, application and end use of insulation products.

The R&D teams at Pimpri and Ankleshwar are actively engaged in working on margin restoration projects related to the existing products in close collaboration with the purchase and Sales teams.

The MTD developmental activity in PI business is showing enhanced responsiveness, with a variety of products developed in the last year.

The Research and MTD teams are engaged in a wide range of activities aimed at maintaining technological edge, providing effective solutions to the customers, improving internal productivity through process improvements by using alternative raw materials.

Human Resources/ Industrial Relations

During the year under review the Company's HR function developed number of robust processes like Performance Management System, Restructuring of grades etc. and developed and imparted various training and development programs for the development of its employees. Certain old policies were revamped and new policies were introduced for the benefit of employees. At the same time there were number of engagement initiatives taken by the Company for its employees.

Company's approach towards development of capable & result oriented workforce has been continual and focused.

All the all-round initiatives are helping the organization pursue its people development strategy and in turn helping HR to emerge as a strong strategic function. As on date, the number of employees on roll is 180.

The Industrial relations were peaceful and harmonious throughout the year.

Cautionary Statement

Statements in the Management Discussion and Analysis Report describing the Company's objectives, projections, estimates, expectations may be interpreted as "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ from those expressed or implied. Important factors that could make a difference to Company's operations include economic conditions affecting demand / supply, price conditions in the domestic and overseas markets in which the Company operates, changes in Government regulations, tax laws and other statutes.

Independent Auditors' Report

To the Members of
ELANTAS Beck India Limited

Report on the Financial Statements

We have audited the accompanying financial statements of **ELANTAS Beck India Limited** ("the Company"), which comprise the Balance Sheet as at 31 December 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 December 2015 and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in the paragraph 3 and 4 of the order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31 December 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31 December 2015 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 27 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses – Refer Note 42 to the financial statements;

Annexure to the Independent Auditors' Report – 31 December 2015

With reference to the Annexure referred to in paragraph 1 in Report on Other Legal and Regulatory Requirements of the Independent Auditors' Report to the Members of the Company on the financial statements for the year ended 31 December 2015, we report that:

1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
(b) The Company has a regular programme of physical verification of its fixed assets by which all the fixed assets are physically verified in a phased manner over a period of two years. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
2. (a) The inventory, except goods-in-transit and stock lying with third parties has been physically verified by management during the year. In our opinion, the frequency of such verification is reasonable. For stocks lying with third parties at the year-end, written confirmations have been obtained.
(b) The procedures for physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
(c) The Company is maintaining proper records of inventory. The discrepancies noticed on verification between physical stock and the book records were not material and have been appropriately dealt with in the books of accounts.
3. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013.
4. In our opinion and according to the information and explanations given to us, and having regard to the explanation that purchases of certain items of inventories are for the Company's specialized requirements and similarly certain goods sold by the Company are for the specialized requirements of the buyers and suitable alternative sources are not available to obtain comparable quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchase of inventories and fixed assets and with regard to the sale of goods. The activities of the Company does not involve sale of services. We have not observed any major weaknesses in the internal control system during the course of the audit.
5. The Company has not accepted any deposits in accordance with the provisions of sections 73 to 76 of the Act and rules framed there under.
6. We have broadly reviewed the books of account maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 128(1) read with Section 148(1) of the Companies Act, 2013 in respect of the Company's products and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the same.
7. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Sales-tax, Wealth tax, Service tax, Duty of Customs, Duty of Excise, Value Added tax and other statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Sales-tax, Wealth tax, Service tax, Duty of Customs, Duty of Excise, Value Added tax and other statutory dues were in arrears, as at 31 December 2015, for a period of more than six months from the date they became payable.

Annexure to the Independent Auditors' Report – 31 December 2015 (Continued)

- (b) According to the information and explanations given to us, there are no dues of Income Tax, Sales Tax, Wealth Tax, Service Tax, Duty of Customs, Duty of Excise and Value Added tax other than the dues listed in Appendix I, which have not been deposited with the appropriate authorities on account of any disputes.
- (c) The Company has transferred amounts required to be transferred to the Investor Education and Protection Fund within prescribed time.
8. The Company does not have any accumulated losses at the end of the financial year and has not incurred cash losses in the financial year and in the immediately preceding financial year.
9. According to the information and explanations given to us, the Company does not have any dues to its bankers. The Company did not have any dues to financial institutions or any debentures outstanding during the year.
10. In our opinion and according to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks or financial institutions.
11. The Company did not have any term loans outstanding during the year.
12. According to the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the course of our audit.

Notes to the financial statements for the year ended 31 December 2015

1. Significant accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared to comply in all material respects with the Accounting Standards prescribed in the Companies (Accounting Standards) Rules, 2006 specified under section 133 of the Companies Act, 2013 ("the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared under the historical cost convention on an accrual basis. The financial statements are presented in Indian rupees.

1.2 Accounting estimates

The preparation of financial statements in conformity with the generally accepted accounting principles in India (Indian GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is prospectively recognised in current and future periods.

1.3 Current–non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within 12 months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. The Company's operating cycle is less than 12 months.

1.4 Fixed assets and depreciation

Fixed assets are stated at cost less accumulated depreciation. The cost of fixed assets includes non-refundable taxes and duties, freight and other incidental expenses related to the acquisition and installation of the respective assets. Depreciation on fixed assets is provided on the straight line method. Till the year ended 31 December 2014, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From the current year, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013 ('Schedule II'). The applicability of Schedule II has resulted in the following changes related to depreciation of fixed assets.

The Company has used transitional provisions of Schedule II to adjust the impact of its first application. If a tangible fixed asset has Nil remaining useful life on the date of Schedule II becoming effective, i.e., 1 January 2015, its

Notes to the financial statements for the year ended 31 December 2015 (Continued)

carrying amount, after retaining any residual value, is charged to the opening balance of retained earnings. The carrying amount of other tangible fixed assets, i.e., tangible fixed assets whose remaining useful life is not nil on 1 January 2015, is depreciated over their remaining useful life.

Based on internal evaluation, the Company reassessed the remaining useful lives and residual values of all fixed assets effective 1 January 2015 and has accounted for additional charge of ₹ 95.25 lacs for the year ended 31 December 2015 and ₹ 90.38 lacs (net of deferred tax ₹ 46.54 lacs) in reserves in terms of transitional provisions of Schedule II. Had the Company continued with the previously assessed useful lives, charge for depreciation for the year ended 31 December 2015 would have been lower by ₹ 95.25 lacs, the profit before tax for the year ended 31 December 2015 would have been higher by ₹ 95.25 lacs, retained earnings at the beginning of the year would have been higher by ₹ 90.38 lacs and the fixed assets would correspondingly have been higher by ₹ 232.17 lacs.

As per the Schedule II, depreciation is increased by 50% in case of double shift and by 100% in case of triple shift working.

The assets costing ₹ 5,000 or less, which are depreciated fully in the year of purchase. Leasehold land is amortised over the remaining period of the lease. Useful lives of assets are as follows:

Block of Asset	Useful lives
Building and roads	
Office building	60 years
Factory building	30 years
Plant and Machinery	15 – 20 years
Computers	3 – 6 years
Furniture and Fixtures	10 years
Motor vehicles	5 years

Assets retired from active use and held for disposal are stated at the lower of cost or net realizable value less costs of disposal.

1.5 Intangible assets and amortization

Intangible assets are recognized when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured. Intangible assets are recorded at their acquisition price and are amortised over their estimated useful lives on a straight line basis, commencing from the date the assets are available for use. The useful life of the intangible assets is reviewed by the management at each Balance Sheet date. Useful lives of assets are as follows:

Block of Asset	Estimated useful life - in years (Rate of depreciation)
Computer Softwares	3 (33.33%)
Other Intangible assets	5 (20%)

1.6 Impairment of assets

In accordance with AS 28-Impairment of Assets, the carrying amounts of the Company's assets including intangible assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated, as the higher of the net selling price and the value in use. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is assessed at the recoverable amount subject to a maximum of depreciable historical cost.

1.7 Investments

Investments that are readily realizable and intended to be held for not more than twelve months are classified as current investments. All other investments are classified as long term investments. However, that part of long term investments which is expected to be realized within 12 months after the reporting date is also presented under 'current assets' as "current portion of long term investments" in consonance with the current-non-current classification scheme of revised Schedule VI.

Notes to the financial statements for the year ended 31 December 2015 (Continued)

Long term investments (including current portion thereof) are stated at cost less any other- than- temporary diminution in value, determined separately for each individual investment. Current investments are carried at lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments.

1.8 Inventories

Inventories are stated at lower of cost and net realizable value.

The cost is determined on the basis of Weighted Average method and includes expenditure in acquiring the inventories and bringing them to their existing location and condition. Materials-in-transit are stated at purchase cost.

In the case of manufactured inventories, cost includes an appropriate share of production overheads. Finished goods inventory includes excise duty payable.

Net realizable value is the estimated net sales realization in the ordinary course of business. The comparison of cost and net realizable value is made on an item-by-item basis.

The net realizable value of work-in-progress is determined with reference to the net sales realization of related finished goods.

Raw materials and other supplies held for use in production of finished goods are not written down below cost, except in cases where the material prices have declined and it is estimated that the cost of the finished goods will exceed their net realizable value. In such cases, the materials are valued at the lower of replacement cost or ultimate net realizable value.

1.9 Revenue recognition

Revenue from sale of goods is recognised on transfer of all significant risks and rewards of ownership to the buyer which is at the point of shipment or dispatch of goods. Sales are accounted net of amounts recovered towards sales tax and trade discounts.

Export incentives receivable are accrued for when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection of export proceeds.

Interest income is recognised on a time proportion basis. Dividend income from investments is recognised when an unconditional right to receive payment is established.

1.10 Employee benefits

(a) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and are recognised in the period in which the employee renders the related service.

(b) Post-employment benefits

(i) Defined Contribution Plans: The Company's superannuation scheme and state governed provident fund scheme are defined contribution plans. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the related service.

(ii) Defined Benefit Plans: The employees' gratuity fund scheme and cash rewards at the time of retirement are the Company's defined benefit plans. The present value of the obligation under each defined benefit plan is determined based on actuarial valuation at each Balance Sheet date using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans are based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense on a straight-line basis over the average period until the benefits become vested. To the extent the benefits vests immediately, the

expense is recognized immediately in the Statement of Profit and Loss. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

(c) Long term employee benefits

The obligation for long term employee benefits such as long term compensated absences, long service awards etc. is recognised in the same manner as in the case of defined benefit plans as mentioned in (b)(ii) above.

When the benefits of a plan are improved, the portion of increased benefit relating to past service by employees is recognized immediately in the Statement of Profit and Loss.

(d) Termination benefits

Termination benefits are recognised as an expense when, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

1.11 Foreign exchange transactions

Foreign currency transactions are recorded at the rate of exchange prevailing on the date of the transaction. Monetary foreign currency assets and liabilities remaining unsettled at the balance sheet date are translated at the rates of exchange prevailing on that date. Gains / losses arising on account of such translation and subsequent realization / settlement of foreign exchange transactions are recognized in the Statement of Profit and Loss. A foreign currency monetary item is classified as long-term if it has original maturity of one year or more.

1.12 Taxes on Income

Income tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward losses under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written-up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realized.

1.13 Earnings per Share ('EPS')

The basic EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year except where the results would be anti dilutive.

1.14 Provisions and Contingencies

Provisions

A provision is recognised when there is a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate. The provisions are measured on an undiscounted basis.

Contingencies

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably.

1.15 Contingent Liabilities and Contingent Assets

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However,

contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

1.16 Leases

Leases of assets under which all the risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Lease payments under operating lease are recognised as an expense in the Statement of Profit and Loss on a straight – line basis over the lease term. Lease income under operating lease is recognised in the Statement of Profit and Loss on a straight – line basis over the lease term.

1.17 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

1.18 Segment information

Segment assets and liabilities: Segment assets include all operating assets used by a segment and consist principally of operating cash, trade receivables, inventories and fixed assets, net of allowances and provisions which are reported as direct offsets in the balance sheet. While most such assets can be directly attributed to individual segments, the carrying amount of certain assets used jointly by two or more segments is allocated to the segments on a reasonable basis. Segment liabilities include all operating liabilities and consist principally of trade payables and accrued liabilities. Segment assets and liabilities do not include those relating to income taxes.

Segment revenue: Segment revenue comprises the portion of Company's revenue that is directly attributable to a segment or that can be allocated on a reasonable basis to a segment, and intersegment transfers.

Segment expense: Segment expense comprises the expense resulting from the operating activities of a segment that is directly attributable to the segment or that can be allocated on a reasonable basis to the segment and expense relating to transactions with other segments.

36. Segment reporting

The Company has disclosed business segments as the primary segment. Segments have been identified by the management taking into account the nature of products, manufacturing process, customer profiles, risk and reward parameters and other relevant factors.

The Company's operations have been classified into two primary segments, "Electrical Insulations" and "Engineering and Electronic Resins and Materials". Segment assets include all operating assets used by the business segment and consist primarily of fixed assets, debtors and inventories. Segment liabilities primarily include creditors and other liabilities. Assets and liabilities that cannot be allocated between the segments are shown as a part of unallocable assets and liabilities.

Secondary segments have been identified with reference to geographical location of the customers. The Company has identified India and outside India as the two geographical segments for secondary segmental reporting. Geographical sales are segregated based on the location of the customer who is invoiced. Assets other than receivables used in the Company's business or liabilities contracted have not been identified to any of the reportable geographical segments, as these are used interchangeably between geographical segments. All assets other than receivables are located in India. Similarly, capital expenditure is incurred towards fixed assets in India.
